1. Current Site Audit & Hygiene Assessment

1.1 Technical & On-Page Summary

Signal	Findings & Notes
CMS / Stack	WordPress + WP Rocket 3.21.1 (page caching), Elementor page builder
GTM / Tracking	GTM-PSQ56PHX active; Facebook Pixel 1935407144014159 active — good base
Booking System	mylimobiz.com v4 external booking widget — not indexed by Google; no internal booking page content
Google Site Verify	cjtMsQ9VAvGk3XzFyYpQMS7vxiy4h9OPJuhuLxQ7Dvc — Search Console connected
Canonical URL	Set correctly to https://newlenoxlimoservice.com/
robots meta	follow, index with max-snippet:-1 and max-image-preview:large — correct
OG / Twitter Cards	Both present; using summary_large_image card type — good for social sharing
Primary Meta Description	WEAK: 'Experience top-tier luxury limousine services for any occasion.' — no geo, no service specifics
Page Title	WEAK: 'Stop & Go: Airport Shuttle & Luxury Transportation' — missing primary geo modifier (New Lenox / Chicagoland)
H1 Tag	WEAK: 'Elevate Your Travel Experience with Luxury and Comfort' — no keyword alignment, pure brand fluff
Schema Markup	NOT DETECTED on homepage — missing LocalBusiness, Service, FAQPage JSON-LD; huge opportunity gap
NAP Consistency	Two phone numbers, two addresses — must be consistent across GMB, directories, and site footer
Page Speed	WP Rocket active — caching in place, but Elementor can cause bloat; recommend image audit
SSL / HTTPS	Active — green
Sitemap / XML	Not confirmed in crawl — verify sitemap.xml is submitted to Search Console
Mobile Responsiveness	Elementor generally responsive; recommend mobile UX spot-check on booking CTA
Internal Linking	Good depth with 22+ service area pages; menu structure is keyword-rich but very deep (3 levels)
Image ALT Text	Logo SVG has no alt text detected; hero images need geo-rich alt attributes
Content Freshness	Published: July 2025 / Modified: March 2026 — signals active updates, positive
Review Links	Google Review links to two GBP profiles — excellent trust signal; leverage for schema

1.2 Critical Fixes — Priority Queue

- Fix homepage <title>: 'Stop & Go Airport Shuttle — New Lenox & Naperville IL | O'Hare & Midway Service'
- Rewrite homepage meta description with geo + service + CTA (≤160 chars)
- Rework H1 to lead with primary keyword: 'Airport Shuttle & Limo Service — New Lenox, Naperville & All Chicagoland'
- Implement JSON-LD schema: LocalBusiness (with two locations), FAQPage, Service blocks on every core page
- Add schema AggregateRating pulling from Google Reviews for trust signals
- Add geo-rich alt text to all images: e.g., alt='luxury airport shuttle New Lenox IL O'Hare'
- Confirm sitemap.xml in GSC; ensure all 22+ service area pages are indexed
- Add breadcrumb schema (BreadcrumbList) — critical for service area page crawl efficiency
- Create a dedicated /book-online/ landing page with on-site content (mylimobiz widget alone = zero indexable content)
- Standardize NAP across both locations on every page, GMB, Yelp, Bing Places, Apple Maps, Yelp, TripAdvisor

2. Brand Theme, Persona & Positioning Analysis

2.1 Current Brand Signals

The site presents a premium-leaning luxury ground transportation brand with dual identity: (1) airport shuttle reliability and (2) event/celebration luxury. The visual brand uses an inverted logo on dark backgrounds suggesting authority and professionalism. The copy voice is aspirational but lacks hyper-local specificity.

2.2 Customer Persona Matrix

Persona	Profile	Primary Need	Key Trigger Words
The Frequent Flyer	Business traveler, Will County/SW suburbs, flies monthly from ORD/MDW	On-time, stress-free, trackable, no surge pricing	Flat rate, flight tracking, 24/7, professional
The Event Celebrant	Groups 21-40, bachelorette/bachelor, prom, concerts, birthdays	Fun, safe, no designated driver, photo-worthy vehicle	Party bus, BYOB, how many people fit, price per person
The Wedding Planner	Brides/planners, Naperville/Plainfield/New Lenox suburban weddings	Reliability, aesthetics, white-glove experience for bridal party	Wedding limo, bridal transport, vintage car, champagne toast
The Corporate Coordinator	EA/office mgr booking for execs, I-80 corridor businesses, Joliet/Bolingbrook	Account billing, invoicing, privacy, guaranteed timing	Corporate account, black car service, executive transport
The Prom/Grad Parent	Parents in New Lenox, Mokena, Frankfort, Joliet area high schools	Safe chauffeur, group coordination, photos, on-time return	Prom limo, safe, how many teens fit, licensed chauffeur

2.3 Brand Voice Recommendations

- Shift from generic luxury copy ('elevate your experience') to specific, earned authority ('Joliet's trusted shuttle provider for 15+ years')
- Lean into the Will County / Southwest Suburban identity — residents strongly identify with their towns vs. 'Chicagoland generic'
- Use proof-points: flight tracking, flat-rate pricing transparency, background-checked chauffeurs, dual-location coverage
- Differentiate from Uber/Lyft with: no surge pricing, pre-booked guarantee, meet-and-greet, luggage assist
- For event segments: fun + safety framing resonates — 'everyone gets home safe while the party keeps going'
